

## ANSWERED PRAYERS

AFTER MANY YEARS OF PRAYING FOR THEIR HUSBANDS' SALVATION, FIVE MONGOLIAN WOMEN SAW THEIR HUSBANDS INDICATE DECISIONS FOR CHRIST.

As Cru staff members Ebo and Nergui prepared for a FamilyLife conference in Mongolia, they prayed for the people who would attend. Ebo and his wife, Nergui, serve with Cru's ministry to couples and families. They work to reach teachers with the gospel in Mongolia's northern region, including the provinces of Darkhan, Orhon, Bulgan and Selenge.

"Most of the teachers are women," Nergui said. "Their husbands are not Christians. We pray, may their husbands become Christians through FamilyLife."

The conference took place near Erdenet, the second-largest city in Mongolia. Fifty-five people attended – a mix of married couples, men and women who had experienced divorce and widows. Married couples were required to follow certain rules during the conference, such as telling each other "I love you" three times each day, holding hands whenever they walked anywhere, smiling at each other and sitting together.

After a long time of praying and trusting God, some of the teachers' prayers for their spouses were answered, and five husbands at the conference indicated decisions to follow Christ. Battseteg, a teacher in the city of Erdenet wrote, "Today is the happiest day in my life, because I was praying for my husband's salvation for many years. My husband was saved today."

*The serious looking young man to the right is our son Marshall. However, at work he is known as Agent M. Marsh has worked at the Men In Black attraction at Universal Studios for about three years now and loves the part of his job that allows him to take on that secret service persona. Marsh was recently recognized by his leadership and was appointed the new Guest Services Rep for Men In Black. We are very proud of him.*

*Our daughter Laney has worked at the Blue Man Group located in Universal City Walk since moving here three years ago. She, too, enjoys her contact with people her job allows and has shown great dedication to the growing responsibilities Blue Man has invested in her. Once again, her hard work has been noticed and this month she received another promotion. The job she was promoted to is one that was designed for her based on the skills she has displayed. Her title is Analyst Blue Man Group. She actually times the shows and sets the schedules among other things. We are very proud of her as well.*

*We continue to be very busy in the ministry work. For several years we have been praying that the Lord would make it very clear how and where He wants us to serve. We want always to be in the center of His will. Pray that we continue to seek and respond to Him.*

*As you know, Tim had surgery to remove a kidney due to cancer a year ago. We are praising God that he did not have to endure chemo and that he is back working. Tim's illness prevented us from being involved with working at FamilyLife Conferences last year. At the same time some pretty big changes were being made in Little Rock. As a result of the changes FamilyLife needed to trim their on-site conference staff. It was only natural that we should step down from being Resource Coordinator and Co-Planner since we had missed all the new training. We will continue in the ministry as God directs just not in that capacity. After 35 years serving in that capacity it will seem strange not to be travelling, but God has plans for us!*

*As an update on Tim's health, we just got the results of his latest MRI which showed no reoccurrence of the cancer. PTL! However, it did reveal a gall stone about an inch in diameter. We are now waiting to see what the doctors decide to do about that. Pray for a good outcome .*

*We treasure all you who pray for us. Keep up the good work!*
