Catching Up With

The Daleys

This fall has already been one of the busiest on record for the Daleys.

The biggest hiccup in our fall was a little thing called Hurricane Matthew. This was the first time since 2004 we've been hit but this one will always be remembered as the God-ordained wobble which spared Central Florida. There was significant damage on the coast but we just had torrential rain and survivable wind. Tim, Heather and I hunkered down at home to ride out the storm and the only thing that happened was that we lost power for a few hours. Turned out to be a really good excuse to read and take a nap! The absolute worst came with cleaning up the debris from all the trees.

In August Judy helped to onboard 21 Short term Interns and 4 new employees for our department. Praise God that so many are catching the vision of serving God through technology! It amazing to me when I see the efficacy of technology in reaching the lost for Christ.

Personally, things have been perking along as well. Choir season has begun and we are preparing for several BIG Christmas Concerts. Wish you could hear one!
